

LESLIE G. PLATOCK, D.D.S.

COSMETIC AND GENERAL DENTISTRY

PATIENTS' INSURANCE

We submit insurance claims as a patient courtesy; however, that contract exists between the patient-insured and patient's insurance company.

We try to help all patients receive the maximum benefits their plans will allow for treatment they need. Our business is providing excellent dental care to all of our patients.

To speed up insurance processing, it is important that you are familiar with your insurance coverage and provide us with accurate information.

Please bring current dental insurance information with you the day of your appointment as this is the patient's responsibility.

The patient or guarantor is ultimately responsible for all account balances regardless of insurance coverage.

Signature of Patient
